

BULCOTE PARISH COUNCIL MINUTES

of the Annual Parish Meeting on Monday 19th May 2025 at 6.30pm
in The Old School Building, Burton Joyce

Chairmans Report	Was read aloud by the Chairman and questions and matters for the attention to the Parish Council were invited.
-------------------------	--

The Following were items brought to the attention of the Parish Council by members of the public

Potholes	Throughout the whole village but Old Main Road, The Spinney and The Ridings were mentioned. The Chairman to email Councillor Jackson to discuss further and request and inspection. It was noted that until the Bulcote Farm Development is completed there will be no pothole repairs on the route they plan to use for access.
Seating area on Village Green	The trees on the Village Green will need to be tidied up to allow for a seating area around the tree as discussed previous - To do this we will need TPO permission for the Village Green area. The Chairman to email highways.
Footpath past Bulcote Church	Update is needed as the notice of closure and extension to this has now passed with no further work being undertaken. The Parish Council to investigate.
Flooding	Highways are responsible for two of the culverts passing under the A612 – Via Highways were in the village today clearing these culverts around The Paddocks and West walls. Public spoke about erosion of the area due to water now flowing more freely and this is a concern. Public raised concerns about property resilience schemes which were promised 2 years ago – The Chairman is due to meet with Ross Marshall on June 11th so will discuss this and report back to the Parish Council. Severn Trent bore holes - PC not advised about this as it falls into a neighbouring Parish but the Chairman will contact BJ Parish Council to discuss.
Overgrown hedges	These are the responsibility of homeowners and need keeping tidy which will help with road and footpath widths. Emails are sent out to villagers re: clearing watercourses and cutting hedges and this will continue as a gentle reminder.
Litter picking	Primarily areas around the village green and along the A612 were very bad earlier in the year but have been recently assessed as not being as

	severe as it was due to residents ad-hoc litter picking whilst out walking – thank you to those who do! The Parish Council will re-visit if a whole village litter pick is needed in the autumn.
